## SUMMARY

With over eight years experience in architectural design, I have exceptional skills and experience in planning, detailing, designing and coordinating projects. My excellent communication, public relations, problem-solving and leadership skills, combined with my deep knowledge of architectural codes, make me a highly valuable employee and team leader.

Since graduating I have worked in several architecture and design companies. I'm currently working at my private office, devoting to different areas, ranging from urban planning and architecture, to house project and interior design. The first private commissions have focused on interior renovation and maintenance of residential properties in Rome. At the same time, I always kept a working relationship and consulting with external firms and other associates architects in Rome.

---
